

How to search for an EAP provider in the BPA Health network

1. Go to the BPA Health homepage www.bpahealth.com
2. Click on the “Employee Assistance Program (EAP)” tile shown below.

3. On the “Welcome to Your EAP” webpage, click on the red “Search EAP Providers” button on the right-hand side of the page.

4. On the Provider Network search page, simply enter the name of a provider, or use the filter to generate a list of providers who match your criteria. Any provider appearing in the results is in the BPA network.

A screenshot of the "PROVIDER NETWORK" search interface. It features a search bar at the top with the placeholder text "Search Providers" and a magnifying glass icon. Below the search bar are several filter sections: "Location" with a text input field containing "Address, City, County, State or ZIP Code" and a "Telehealth" toggle; "I am looking for help with" and "Patient age" both with dropdown menus; and four filter categories: "LANGUAGE" (with a "DEFINE" link and options for English, Spanish, and Other), "PROVIDER AVAILABILITY" (with options for "Accepting New Patients" and "All"), "HOURS" (with options for "Open Evenings" and "Open Weekends"), and "PROVIDER GENDER" (with options for "Female Provider" and "Male Provider").
